

# Recreation Conference 2019

## Programme Committee Expressions of Interest

We are planning our flagship Recreation Conference 2019 in Kirikirua/Hamilton and are seeking inspired members to contribute to our Programme Committee. We are looking for Recreation Aotearoa members:

- With big ideas and oversight in their field
- Who have national and international perspectives of Recreation
- Willing to connect us with their wide network of contacts both within and beyond the sector

We are seeking five members from across a range of sectors, regions and backgrounds to complement mana whenua members on the committee.

We expect to hold up to three video meetings to establish conference themes, programme structure and potential speakers. Recreation Aotearoa staff will manage the logistics of contracting and briefing with agreed speakers.

Thanks for putting up your hand, and we look forward to hearing from you.
